

MANDREL MOUNTED FELT BOBS

Applications:

Felt bobs, are available in various shapes and sizes and are the best Polishing Tools available, made out of white wool and felt mounted on a steel spindle. These shaped felt products are the only tools available for micro-finishing, scratch removing and touchups. These products can be mounted on any high speed hand tool. Bobs are used for polishing of all kinds of material like metal, glass, and in any galvanic industry for finishing of precious metals, optical glass, mirror glass etc.

For buffing, the most commonly used compounds are:

- Tripoli.
- Rouge.
- S.S. Compound, and
- Emery paste.

For polishing, the Mandrel Mounted Felt bobs are headed with abrasive grain beginning from 120 grit to finer grit using hide glue or cement as matrix.
